Mulugeta Alemayehu Dagnaw

Curriculum Vitae

Academic Positions

2016 - present **PhD Student**, *Department of Mathematics*, Addis Ababa University, Ethiopia.

2012 - 2015 **Lecturer**, *Department of Mathematics* , Debre Tabor University , Ethiopia.

Schools and Degrees

2011 **M.Sc.in Mathematics** , *Addis Ababa University*, Addis Ababa, Ethiopia.
Project:On solutions to Dirichlet and Neumann Problems.
Advisor: **Dr.Tsegaye Gedif Ayele.**

2009 **B.Sc. in Mathematics**, *Wollega University*, Nekemte, Ethiopia..

Teaching Experience and Other services

Undergraduate Program: Linear Algebra I, Linear Algebra II, Calculus I, Calculus II, Discrete Mathematics, Introduction to Combinatorics and Graph Theory, Calculus of Functions of Several Variables, Applied Mathematics for computer Science, Applied Mathematics I, Applied Mathematics II, Applied Mathematics III, Ordinary Differential Equations and Partial Differential Equations.

Other Services: Served as a Head of Department and in different committees at Debre Tabor University.

Publications

1. Dejenie A. Lakew and Mulugeta Alemayehu. Clifford analysis over Orlicz-Sobolev spaces,`arxiv.org/pdf/1409.8380`.

2. Endris Assen Ebrahim and Mulugeta Alemayehu Dagnaw. Analysis of Determinants Influencing Students' Academic Achievement in English and Mathematics Subjects of Ending Classes of Schools at Bahir Dar and Debre Tabor Towns, Ethiopia. *International Journal of Secondary Education. Vol. 3, No. 6, 2015, pp. 61-66.* `https://doi.org/10.11648/j.ijsedu.20150306.12`.

Contributed Talk

1. Mulugeta A. Dagnaw (2019) Boundary-Domain Integral Equation Systems to the Dirichlet BVP for Stokes Equations with variable viscosity in 2D. *Abstract: 12th International ISAAC Congress held in Aveiro, Portugal, from July 29 to August 02, 2019, p95.*

Department of Mathematics, Addis Ababa University,Addis Ababa,Ethiopia –

2. Mulugeta A. Dagnaw (2019)Boundary-Domain Integral Equation Systems to the Neumann BVP for a compressible Stokes System with variable viscosity in 2D. *Abstract: 12th International ISAAC Congress held in Aveiro, Portugal, from July 29 to August 02, 2019, p95.*
3. Mulugeta A. Dagnaw (2018) Boundary-Domain Integral Equation Systems to the Dirichlet BVP for an incompressible Stokes Equations with variable viscosity in 2D.*The Role of Mathematics for the advancement of science and Technology organized by ASTU May 24-25, 2018 at Addis Ababa, Ethiopia.*
3. Mulugeta A. Dagnaw and Endris Assen (2015) Analysis of Determinants Influencing Students' Academic Achievement in English and Mathematics Subjects of Ending Classes of Schools at Bahir Dar and Debre Tabor Towns, Ethiopia.*National Workshop organized by Debre Tabor University March 21-22, 2015 at Debre Tabor, Ethiopia.*

Conference and Workshop Participation

1. 12th International ISAAC Congress held in Aveiro, Portugal, from July 29 to August 02, 2019.
2. The Role of Mathematics for the advancement of science and Technology organized by ASTU May 24-25, 2018 at Addis Ababa, Ethiopia
3. National Workshop held from March 21-22 , 2015 at Debre Tabor University, Debre Tabor, Ethiopia.
4. The 1st International Conference on Complex Analysis and Partial Differential Equations held from June 25-29, 2012 at the Akaki Campus of Addis Ababa, Ethiopia.

Fellowships and Grants

1. A renewed research stay accompanying an Humboldt-Alumnus within the frame of a joint research stay with Dr.Tsegaye Gedif Ayele granted by Alexander von Humboldt Foundation for 6 months (01.07.2019-31.12.2019) and hosted by Prof. Dr. René Pinnau, TU Kaiserslautern, Germany.
2. A research visit stay granted by International Science Programme (ISP) for 3 months (01.07.2018-30.09.2018) and hosted by Prof. Sergey E.Mikhailov, Brunel University London, United Kingdom.

Languages

Amharic (native), English(fluent).
